

Dental

Hall Estill attorneys are experienced in dealing with dental industry matters and provide targeted solutions. Our experience includes services to all size practices, providers, and carriers.

Practice Management

Our attorneys have the experience and skill to help guide you through the many complexities of today's health care dental and regulatory fields. Hall Estill attorneys assist clients in a variety of matters regarding the dental practice management aspect including:

- Defense of Civil and Administrative Actions
- Breach of Ethics
- Patient Consent forms
- Lease Agreements
- Employment Litigation and Independent Contractor Agreements
- Financing Agreements
- Practice-sharing Agreements
- Regulatory Concerns
- Medicare and Medicaid Issues
- Insurance Audits and Compliance Issues

Dental Malpractice Claims

In addition, our attorneys have experience in defending dentists, oral surgeons, periodontists, endodontists, and orthodontists against malpractice claims. We can assist clients with the following:

- Expert Consultation
- Dental Board Hearings
- Records Release and Review
- Negligent Hiring
- Negligent Supervision and Training
- Corporate Officers Claims

License Investigations

Finally, facing an investigation by the Board of Dentistry can be both challenging and intimidating. Securing early representation of an experienced attorney may be your first step in protecting yourself and your practice. Hall Estill attorneys have vast experience appearing before the Board to provide the best possible outcome, including:

- Serving as Experts
- Records Review and Presentations
- Negotiation of Board Matters
- Familiarity and Experience appearing with the Board
- Reporting and Compliance Issues
- Follow up and Conclusions of the Board
