

Environmental Litigation

Our Environmental Litigation attorneys defend companies, in both administrative and judicial proceedings, when federal, state or local environmental agencies allege a violation of the environmental laws. Within this practice we represent and defend businesses in civil litigation proceedings.

We represent clients in numerous matters, including the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA, or Superfund), Clean Air Act (CAA), Resource Conservation and Recovery Act (RCRA), the Clean Water Act (CWA), and toxic torts.
