

Franchising

Attorneys in our Franchising practice have comprehensive experience in writing and negotiating franchise agreements, regulatory aspects governing the franchise relationship, as well as the myriad questions surrounding franchises. We assist clients in a variety of matters, including those dealing with trademarks, contracts, trade secrets, mergers and acquisitions and more in Oklahoma, regionally and nationally.

In addition, we assist clients with annual updates to the FDD, renewing state exemptions and registrations, mergers involving franchise systems and buying or selling franchised units or franchised systems.
